

T. W. ROBINSON'S.

MANTLES.

This week we are opening our fall mantles, they are worth inspecting, by far the best value and largest assortment ever shown in Moose Jaw.

DRESS GOODS.

In this line we have made extra effort to secure all the latest goods and at the right prices and an inspection of them will convince you that we have succeeded.

See our Tweed Effects in Dress Lengths.

HOSIERY.

In Ladies', Gent's, Boys' and Girls' wear, all kinds, all sizes and all prices. A special line of Boys Knickerbockers. Our Hercules, double heel and knee is just the thing for girls.

UNDERWEAR.

In Ladies' and children's our stock is the largest we have ever carried. See our combination suits.

SILK HANDKERCHIEFS.

Thousands of them; all grades colors and prices. See our all-silk 25c. Embroidered Handkerchiefs.

T. W. ROBINSON.

I. M. CHALMERS,

NEW GOODS

FOR FALL AND WINTER

We have received an elegant range of Ladies' Mantles Superior in quality and workmanship to any that has ever been shown in this District. Also in dress goods, Melisa and Rigby Waterproof Cloth, we are far ahead of all competitors. In Fancy Goods our stock is complete, comprising Fancy Silks and Satins of the finest texture. Berlin and Zephyr Wool. Stamped Linen Felts, Etc. Every Lady should see our Stock.

I. M. CHALMERS

R. C. MACDONALD.

Fruits, Confectionery, Canned Goods, Teas, Tobaccos, Cigars, Pipes, etc., etc.

Ice Cream and Oysters in Season.

WHOLESALE

Wine, Liquor and Cigar Store.

During the hot weather I will keep constantly on hand a full supply of Lime Juice Champagne, Ginger Ale, Ginger Beer, Sarsaparilla, Champagne Cider, Cream Soda, Plain Club Soda, Apollinaris Water and Cordials.

See my new stock of Pipes and Cigars.

O. BYFIELD.

GUBERNATORIAL VACANCIES.

NORTH-WEST EXHIBITS AT TORONTO.

David For Chicago—Qu'Appelle Complain—Coming West—Morden Masonic Hospital—The Sultana Sold.

WINNIPEG, Sept. 20.—Two western gubernatorial chairs will, in the ordinary course of events, become vacant; in Manitoba and the Territories respectively. Probable successors to Lieut. Governor Schultz have been mentioned to the number of half a dozen. Hugh John MacDonald has been spoken of as the next in line for Government house, but a lucrative law practice, which was assigned as a reason for "immediate retirement" from the Commons, is the happy barrier which will prevent the popular son of the late premier from accepting so high a position, if it were tendered him. The latest move is said to be this: At the expiration of Lieut. Governor Schultz's term, Mr. A. W. Ross will resign his seat for Lisgar on the understanding that he is to get the governor's chair for the next five years; then Lieut. Governor Schultz will contest Lisgar. Influential residents of the latter candidature of the present Lieut. Governor, and the writer was heard more than one of them declare, that he shall have their hearty support.

It is also stated on good authority that Joseph Royal may contest Provencer in the interest of the Manitoba French element in the House of Commons. Who will succeed Royal at Regina is a question that will keep the public guessing.

THE CANADIAN PACIFIC DISPLAY AT THE BIG INDUSTRIAL FAIR.

TORONTO, Sept. 18.—Nothing could more impress the visitor to the fair with the great fertility of Manitoba and the Northwest and British Columbia than the magnificent exhibit of cereals and farm products made by the Canadian Pacific railway in its own pavilion. There are over 1,000 samples of grain from the different sections of Manitoba and the North-West. From Alberta and Mooseomin are sheaves of golden wheat, oats and barley. These are placed on the top of a big stand in the centre of the building. There are also shown grasses, peas and wild vetch on the stand. On the stand's top shelf are vegetables from Mooseomin, and big beets, turnips, carrots, green corn and citrons were constant sources of astonishment to visitors. The cauliflowers and cabbages from Mooseomin are unusually good. A special box just from Mooseomin, in which was wheat, oats and barley, peas, beans, and tomatoes, was an interesting feature. A number of samples of wheat, barley, oats and peas of this year's crops from Mooseomin are convincing evidence that the farmers in that district have shared the general good fortune of the country in regard to excellence of yield. The samples of Manitoba wheat were awarded first prize against the world at the "Millers' Exposition" in London, England, last year. There are nearly 200 samples shown in this part of the exhibit in fancy French blown bottles. But the Calgary grain was even better. Mr. J. J. Huxlett, C.P.R. immigrant agent in England, wrote: "The sample referred to is one I picked out from among the collection which we received through Mr. J. G. Fitzgerald from Calgary last fall. As you see by the report had we entered for competition we would undoubtedly have won the prize with the Calgary grain."

From British Columbia is shown a fine exhibit of fruit. There are strawberries the size of potatoes and plums the size of turnips; apples, red and black currants, gooseberries, red and black cherries, grapes, apricots, and

other fruits. People examined the specimens with much interest. Mooseomin was represented in the fruit line by wild red currants and wild raspberries.

Around the walls of the building are shown different varieties of grass from five to seven feet in length; wild timothy, blue top and bunch grass, from one and a half inches to four feet in length.

At the further end of the pavilion are shown two specimens of Calgary soft sandstone, which is secured from quarries a short distance from the town. Chips of the stone, when first quarried, can be rubbed into powder with the fingers, but a few weeks' exposure will make it as hard as adamant. It is shipped as far east as Winnipeg now. Samples of soft coal mined under the town of Edmonton, and pieces of hard coal, secured 50 miles west of Calgary, are in the front of the building. The last named specimen is equal to the best Pennsylvania hard coal. Messrs. D. L. Cavan, C.P.R. colonization agent, Toronto; H. Douglas, Calgary; Dr. L. D. Keown and O. Neff, Mooseomin, are in charge of the building.

DAVIN FOR CHICAGO.

Mr. Davin, M. P., has been invited by the World's Columbian Commission to participate in the ceremonies attending the dedication of the buildings of the World's Columbian Exposition at Jackson Park in the city of Chicago, on the 20th, 21st, and 22nd inst., 1892.

QU'APPELLE COMPLAINS.

QU'APPELLE STATION, Sept. 16.—Our Manitoba sporting visitors have left us and from all accounts, have left no prairie chickens behind them. They have, however, left something, viz., a strong determination in some way or another to prevent in the future such a wholesale slaughter of our game as has been witnessed during the last fortnight in this district. It seems monstrous that it should be possible for a party of half a dozen strangers to come into a district with dogs and four harrelled guns, and for ten days or a fortnight carry on a war of extermination against the feathered game. At the very least our close season evidently needs to be terminated with that of Manitoba.

COMING WEST.

QUEBEC, Sept. 19.—An amicable arrangement has been arrived at between the steamship and railway companies in the matter of the Mongolian immigrants ticketed through to United States points. All but ten have accepted and returned on their tickets and have purchased transportation to Canadian points, chiefly in Manitoba and British Columbia. Those who refused to accept the refund are still here and it is expected that they will be returned to England by the first vessel.

MORDEN MARONIC HOSPITAL.

MORDEN, MAN., Sept. 22.—A building which excites the curiosity of a traveller passing through Morden is the Masonic hospital now nearing completion. Two years ago the idea of erecting the hospital was conceived by the Masons of Morden, the idea being to fill a long felt want for the growing towns of Southern Manitoba. The scheme met with the hearty support of the brethren in all parts of the province and the local lodge was soon enabled to carry out the worthy project. Such progress has been made it is expected that the hospital will be ready for the reception of patients by the first of November next. The building, when finished and furnished, will have cost about \$12,000. It is a two story structure built of brick with a nine foot basement of stone. It is situated to the southwest of the town facing eastwards, on a site kindly donated by the C. P. R. authorities. On the first floor is found the receiving, operating and nurses' rooms, the male ward, 26x30, with a capacity of eight beds, and one private ward, together

with closets and bath room. On the second floor the female ward, same size and capacity as the first floor, and two private wards, as well as closets and bathroom. In the attic there is also accommodation for three beds if required. The dining room and kitchen are found in the basement. The laundry is separate from the rest of the building and is of stone. The building is heated throughout by two furnaces from the basement and ventilated on the most approved system in use in modern hospitals, the whole making a complete and handsome structure of which the citizens of Morden should feel proud. The promoters deserve the thanks of the whole community for their zeal on behalf of the public at large. Mr. Hugh Cowan of Winnipeg is the architect.

THE SULTANA SOLD.

RAT PORTAGE Sept. 21.—The sale of the Sultana mine to a company of English and American capitalists is announced. It is stated that \$125,000 has been paid down but what the purchase price has not been made public. A later dispatch denies the sale.

DON IS A DAISY.

THE MOOSE JAW DOG CARRIES OFF THE ALL-AGED STAKES.

Fourteen Dogs Were Entered But Thirteen of Them Were Not in It.

Moose Jaw feels elated at the showing made at the Calgary Field Trials by "Don," the celebrated pointer. Don is owned by Mr. W. T. Barrett of the Railway Mail Service. From the commencement of the trials it was evident that the other dogs were "not in it." Although the Moose Jaw dog was crippled in two legs he found the birds in every case, and his behaviour in pointing, dropping to shot and retrieving won the admiration of the spectators. "Don" won the club gold medal.

Mr. Barrett has been offered several large sums for his dog but he refuses to part with him.

A MATCH ARRANGED.

CALGARY, Sept. 20.—A match has been arranged between "Don," owned by Mr. Barrett of Moose Jaw, and a winner in the recent gun club field trials, and Robinson's Ranger, for \$100 a side, the trial to take place within a month or when Barrett's dog has been entirely healed of sores in his foot. Mr. T. Stone will be judge at the place of meeting will be arranged hereafter. Betting at present is 3 to 1 on Robinson's dog.

Conductors Discharged.

OTTAWA, Sept. 20.—Another wholesale discharge of C. P. R. conductors has occurred. Five well known officials were lately informed that their services were no longer required. The dismissals were made on the divisions between Ottawa and North Bay. As usual the men were given no reason whatever for the action taken by the company. Two of the conductors reside in this city and others are residents of North Bay. A report is in circulation that the company will make a clean sweep among passenger conductors between Ottawa and Vancouver. Most of the dismissed employees have been in the service of the company for over ten years.

CANADIAN CRICKETERS BEATEN.

PHILADELPHIA, Sept. 18.—The last day's play in the international cricket match at Manheim between Canada and the United States resulted in a signal victory for the latter team by an innings and 222 runs. A. G. Gillespie, of the Canadian's scored twenty three and was the only one in his eleven to get double figures, the whole team being dismissed for sixty-five runs.

POLITICAL NEWS.

HURRAH FOR IRELAND.

OTTAWA NOTES.

Ireland is at last free from government by proclamation and removal by magistrates. The promise made by the Liberal party to the Irish people so far as this important step is concerned, has been kept, and Ireland is under a government of law. Advice from all parts of the island show that the people have received the new policy with the greatest satisfaction. The Conservative magistrates, who have exercised all the power of Russian governors and prefects have been deposed from their abomination and are very humble individuals in presence of the new authority which at any time may withdraw their commissions.

The evicted tenants are plucking up courage and have in several instances again taken possession of their former homes. They run very little risk in so doing as the proclamation under the coercion act having been revoked the landlords cannot appeal to extraordinary measures for vindication of their claims which would have to be decided by a jury of the vicinage. There is a strong disposition throughout Ireland to effect a summary expulsion of all landlords and have the tenants assume possession as owners. Many of the tenants have sub-consumers under them who might be inclined to assert similar claims against the tenants from whom they hold. However, it is generally believed that some method will be found for the tenants of the farms to take possession, practically, if not nominally, as owners. This will establish a new powerful land-owning class, owned by its interests to support an Irish home rule government against the Conservative element in Great Britain and Ireland.

OTTAWA NOTES.

OTTAWA, Sept. 18.—The Dominion Government has entered a claim in the Exchequer Court against the Town of Port Arthur for \$1,594 duty on 365 tons of steel rails used in the construction of the electric street railway at that place.

Mr. N. F. King, chief astronomer of the Interior Department, will act as Canada's representative on the international commission named to settle the boundary line between Canada and Alaska and also in Pannamaddy Bay.

Mr. Nicol Kingmill, Q. C., of Toronto and Mr. H. Montague Allan of Montreal, had an interview with the Minister of Railways today relative to the Manitoba & Northwestern Railway.

Royal Templars of Temperance.

REGINA, Sept. 17.—At a convention of the Royal Templars of Temperance held here on the 13th and 14th inst for the purpose of organizing a grand council for the Territories, the following officers were elected:—

Grand councillor—W. D. Cowan, L. D. S., Regina.
Grand past councillor—Geo. H. V. Bulyea, Qu'Appelle.
Grand vice councillor—Mrs. Bulyea, Qu'Appelle.
Grand chaplain—Rev. Alex. Campbell, Wolsley.
Grand secretary—J. C. Spence, Medicine Hat.
Grand treasurer—R. A. Magee, Wolsley.
Grand auditor—Mayor McCallum, Mooseomin.
Grand herald—Geo. Steinburg, Kenia.
Grand deputy herald—Thos. Gaddes, Kenia.
Grand guard—H. T. Barlow, Moose Jaw.
Grand sentinel—W. J. Branthorpe, Regina.
Grand trustees—H. U. Barlow, J. E. Annable, Moose Jaw; Rev. J. E. Welsch, Indian Head.
Grand warden of cadets—J. C. Spence, Grand Dept. of White Cross—Ray, Alex. Campbell.

"Not clinging to some ancient error,
Not mastered by some modern term,
But swift nor slow to change; but firm."

FRIDAY, SEPTEMBER 23, 1892.

MR. ROSS' RESIGNATION.

The Regina Leader of the 12th inst. contains a painfully wrought-out article on the resignation of Speaker Ross. It accuses Mr. Ross of extreme partisanship and holds up the bright and shining example of Speaker Peel of the British House of Commons, forgetting that it would be utterly impossible in the British or any other Legislature governed by constitutional procedure for such a state of affairs to obtain.

Now granting for the sake of argument that the Leader is sincere in its alleged convictions, granting that it is actuated by no other motive than the following taken from an article in its issue of August 25:—

"We desire to deal with the situation thus brought about and with the causes leading up to it, solely from the point of view of the interests of the Northwest; and compared with the progress of the country, the success of this or that party or of this or that combination is not so much to us as the snap of a finger."

granting that the fact that Mr. Ross "ran against Mr. Davin in 1887 for the Dominion House," has not prejudiced the Leader; why did it not sound a note of warning and thus prevent this "tactical blunder," this action "against all the traditions which guard the office of Speaker in British Legislatures," of which Mr. Ross is accused?

The Leader was the first newspaper in the Territories to predict a possible resignation on the part of the Speaker. In the issue of Aug. 25th it says:—

"The end of the trouble is not yet. No Executive can stand long with only one of a majority. If the Speaker resigns, as it is rumored he may, a deadlock will be created and there may be an appeal to the country."

Had the Leader given its readers the benefit of its foresight at that time, doubtless Mr. Ross would have reflected upon the atrocity of his premeditated step; the House would probably be in session now; Haultain and his colleagues would not have had occasion to prepare to investigate a charge of bribery on the floor of the House; Cayley would be in full enjoyment of his majority of one; and the Leader would be revered throughout the Territories as the saviour of the country. But editors, after all are but human, and there is in some a tendency to "see how the cat jumps" before taking any decided stand upon questions such as the present one. The Leader did not speak, and the fatal step was taken.

THE POLICY OF THE EXECUTIVE.

The Immigration policy proposed by Mr. Cayley contains several good points. The scheme of employing an agent to accompany colonist cars as far as Port Arthur would be productive of good results, provided that, in selecting such an agent due care be exercised to secure a man, who is disinterested as far as districts go.

As a provision for the enforcement of the Liquor License Ordinance has been passed as a "new departure" although the estimates submitted by the Haultain executive made provision for a similar purpose.

Under the old system there was little encouragement offered the Inspector for efficient and conscientious work, but it must be borne in mind that Mr. Cayley himself inaugurated the system, as he was a member of the Executive during Mr. Haultain's absence at Ottawa and it was during that time that the Liquor License Ordinance was introduced.

With regard to the money to be expended on roads and bridges we do not believe in the system on principle. However it seems to have been impossible to make any radical change during last session. The taking out of \$10,000 is rather an original idea for we maintain that it would be better to have the amount retained for some special purpose that to leave it in the hands of an elective for uncontrolled expenditure.

Under the direction of the Dominion Executive Commissioner, Prof. Saunders, the late Executive were moving in the matter of obtaining a first-class Territorial Exhibit. The course adopted by the present executive is only a following-up of these plans and we fail to see why the Cayley executive should take so much credit to themselves on this score. We hope, however, that every effort will be made to secure a good exhibit.

EDITORIAL NOTES.

The wheat crop of Manitoba and the Territories is estimated at 20,000,000 bushels.

A dispatch from Ottawa to the Globe says: The Government, notwithstanding all advice to the contrary, are determined to do something with the Manitoba school question. They intend to adopt the suggestion made public some time ago of appropriating to the service of Roman Catholic separate schools a portion of the school land fund of the province. This policy is opposed by many of Ontario's Conservative members who have been here within the past few days.

The Regina Standard has passed from the hands of the "Standard Publishing Co." to those of the "Standard Printing Co." The new firm is composed of Mr. J. K. McGinnis, the late editor, and Mr. Walter Scott of the Standard Staff. The Standard will be issued in future as a weekly. The Times extends congratulations and best wishes for the prosperity of the new firm.

A novel scheme is on foot to reduce the cost of transporting grain to the sea board from Chicago, and a vessel-owner of that city is convinced that the idea is workable and will reduce the cost of grain conveyance to three cents per bushel. The idea is to have grain carried from Chicago to the Atlantic seaboard, for shipment to Europe, by means of conduits. Continuous lines of pipes are to be built, with power stations 25 miles apart, all along the route for the rushing forward of the cereals. The estimated cost of an initial line is \$20,000,000, but the projectors of the enterprise are convinced that three cents per bushel will be a profitable rate.

In addition to his local newspaper, a business man, to keep up with the times, should regularly read some reliable business paper. One that is devoted to trade in general must, we think, prove the most valuable to the merchant or manufacturer who aims to be well-informed. Such a journal is the Toronto Monetary Times, the hand some Special Fall Edition of which is just to hand. Between its artistically designed covers in brown and gold, the reader will find a fair sample of the ground that is covered in each weekly issue. From the contents it is not difficult to see how this journal, for the past twenty-five years, has been universally accorded the leading place.

The self-binder was first successfully attached to the reaper in 1876; from 1877 to 1878, inclusive, our average crop of wheat, varying more with the season than the planted area, had been 258,000,000 bushels. In 1877, when the self-binder first began to be used the crop amounted to nearly 364,000,000 bushels. Again, in 1878, it mounted up, and from that date to 1887, inclusive, in which period the use of the self-binder has become general, the average crop, varying more with the season than with the planted area, was 440,000,000 bushels. Could the crops of the last ten years have been saved without the self-binder? When we consider that the total number of self-binding reapers now made and sold is 100,000 a year, requiring over 30,000 tons of twine to bind a single wheat crop, do we not find in the tying of that knot on the self-binding harvester a main factor in the export of grain with the returning import of gold on which we resumed specie payment? By that single improvement the cost of wheat was reduced not less than 6 per cent., and in some places 10 per cent.

MEETING OF REGINA PRESBYTERY.

Presbytery met in Regina on Wednesday Sept. 14. Sermon by Mr. Carmichael, Moderator, Messrs. Campbell, Matheson, Welsh, Hamilton, McLeod, McGregor and Clay, Ministers, and Messrs. Bersea, McCaul and Crawford, Elders. Mr. Clay was appointed Clerk, vice Mr. Hamilton resigned. Requests for the election and ordination of elders in Alameda, Oxbow, Grenfell and Buffalo Lake, were received and granted. A deputation from Broadview consisting of Messrs. Greig and Beale appeared before Presbytery, asking that Rev. Jno. Ferry be appointed as Ordained Missionary to that field, with grant of \$7.00 per Sabbath from Home Mission fund. That request was complied with. They further stated that their present church accommodation was insufficient and they contemplated the building of a new church for which they would require assistance from the church and manse building fund. Owing to the present indebtedness of the congregation they were advised to defer the matter of building for the present. An application for ordination from Mr. T. R. Scott, licentiate, was received and referred to the Committee on examination of students to report at a later Session. Rev. C. W. Gordon of Calgary Presbytery, and Rev. Mr. Kennedy of the Methodist Church being present, were asked to sit as corresponding members. Mr. Ferry was appointed to ordain the elders elect in Leaside field. Mr. Hamilton having accepted a call to a congregation outside the bounds of the Presbytery, the following minute was ordered to be placed in the record:—

The Presbytery of Regina desires to place on records its deep regret at losing the valuable services of our late Clerk, the Rev. Alex. Hamilton, B. A., who has accepted a call to the pastorate of an important charge in the Presbytery of Winnipeg. The length of his term of service, the efficiency with which he has performed all the duties of the office of Clerk, and his uniform courtesy of manner to members of the court, make his loss one which will be long felt and render his place difficult to fill. We express our sympathy with the Whitewood field in the loss of so devoted, faithful and successful a missionary; and congratulate the Stone-wall people in securing the services of one whose past record in this Presbytery is an earnest of future success in the work of our Lord. The following were appointed to take Mr. Hamilton's place on the several standing committees:—Mr. Rochester, Governor of Sabbath Observance; Mr. Clay, Governor of Statistics; Mr. McLeod, Manitoba College; Mr. Thompson, Home Missions; Mr. Welsh, Examination of Students; Mr. McKay was appointed interim Moderator of Whitewood Session.

Mr. Carmichael submitted the report of the Home Mission Committee. Claims for current half-year were passed and grants for the ensuing half year asked. On recommendation of the Committee Qu'Appelle station was placed on the list of Home Mission Fields, and Mr. Matheson appointed as missionary, he with the convenor being empowered to make arrangements for supplying the different stations of that and his present field. Mr. Scott was appointed to Alameda for two years and Mr. T. S. McLeod to Grenfell for six months. Further appointments were left with the committee.

A letter from the Trustees of the Regina Union School inviting the Presbytery to visit the school was received but owing to the pressure of business was regretfully declined. Mr. D. M. Gillies was certified to the senate of Manitoba College. The commission of Mr. Fotheringham representative elder from Grenfell session being received his name was added to the roll. The Clerk was ordered to issue certificate of ministerial standing to F. O. Nichol, late of Mistisawis and the Presbytery expressed profound sympathy with him in his sad bereavement. The allocating of sundries for the schemes of the church was placed in the hands of the Home Mission Committee. Mr. Campbell reported that Mr. Scott had been examined in the prescribed subjects, that the examination was satisfactory, and moved that the trials be sustained and the candidate be ordained. The motion being carried Mr. Scott delivered a popular discourse on John 11: 25, 26, after which, by prayer and laying on of hands, he was ordained to the Ministry. Mr. Campbell addressed the ordained and Mr. Welsh the people assembled. Reports of the dispensation of ordinances on several Mission fields were received and adopted. The next regular meeting was appointed to be held at Wolsely on the 2nd Wednesday of March next at 9.30 a. m.

W. L. CLAY,
Clerk.

THE MAIL ON NORTHWEST AFFAIRS.

The Toronto Mail in an article on Northwest prorogation sums up the situation excellently. After recounting the abuses which have prevailed it says:—

The waste, inconvenience, and injustice which the dual plan produces led to a universal demand for reform. Among the clergy it was well known that change was in the air. They therefore participated in the last election for the Assembly with a view to ensuring the presence in the House of clerical party. As a result of their efforts five clericals were returned, one of them a member of the Advisory Board or Cabinet. At the first meeting of the Assembly after the election, a bill placing the schools under a responsible department, regulating the grants, providing for a uniform inspection and for uniform text books, and declaring that English shall be the language of the State-supported schools was introduced by Mr. Mowat, a private member. This bill passed every stage up to the third reading, and then it was found impossible to extract it from the printing office before prorogation; so the House had to separate without carrying it. But Mr. Haultain, the premier, hurried through the Assembly a short measure fixing the school grants and providing for the uniform inspection of the schools. This ordinance deprived him of his clerical colleague, Mr. Clinkskill, and brought upon him the threat of political extinction from the Catholic clergy. The priests, as a matter of fact, wanted to retain the right to say how the schools should be controlled and to fix the sums to be paid to them out of the treasury. It was not until a few weeks ago that the threat levelled at Mr. Haultain could be made effective. The clericals then coalesced with the regular opposition and put the government out. But a double purpose was served by this process. The Church was not only avenged; it secured, in addition, the postponement of the second time of the school law it dislikes. It had the advantage of Mr. Royal's assistance in this obstruction to the progress of legislation, for the sudden prorogation of the Assembly before its business was completed was undoubtedly determined upon in order to prevent the educational bill from passing. It is very clear that the priesthood in the Northwest is fighting energetically and diplomatically against the people. The clause in the constitution authorizing the dual system helps it to maintain the struggle and to thwart the popular will. This clause, so objectionable, must go. If we are not binding Manitoba to separate schools, we are certainly not going to force these institutions upon the North-West.

THOMAS HEALEY.

A. A. MELLER.

St. Joseph, Sept. 15.—Nancy Hawks in an attempt to lower her record on regulation mile track here, made a mile in 2:07 1/2.

Prince Albert, Sept. 15.—Harvesting is finished in this district and the season began this morning on the farm of W. Hutchinson four miles from here. Until last night, when the thermometer registered two degrees, there has been frost in the Prince Albert district.

A statistical item of interest to women is that women today are two inches taller on an average than they were twenty-five years ago. The cause is found in the exchange of the embryonic tissue for the tissue of the adult, and the gymnastic apparatus of the adult and child.

Mr. Van Horne's English mission is now apparent. A C. P. R. line of fast steamers from Canadian to English soil. The C. P. R. is about the greatest work that has ever been constructed in Canada, but it should only have paved the way to greater things. We have the Atlantic, the Dominion and the Beaver lines now running across the Atlantic from our shores—but people who have travelled on them think them not altogether equal to what we could have. Now a C. P. R. line would be a nice little step further for Canada, their Pacific steamers are reported as the best of their kind, and, besides, a new line would create competition. We want competition—it is the soul of commerce, monopolies are killing. Just what is going to be done is not yet decided, Mr. Van Horne does not tell all he knows, but it is to be hoped that the whippersnapper will prove a reality.

JACK IN THE BALL ROOM.

A Complete Chart for Sailors Caught in a Gale of Skirts.

Some naval officers were once invited to a ball, whereupon it was discovered that few of them knew anything about dancing. The first lieutenant, who was well versed in the art, therefore took them in hand and gave them a series of lessons. The simple dances were soon acquired, but when they came to the figures which required acrobatics. At last the lieutenant declared he would write out his directions in language so plain that the veriest lumber in the fleet could comprehend them. That very afternoon he gave each of his pupils a copy of the following directions, after studying which not one of them made the slightest blunder:

LE FANTASQUE.
Haul up on the starboard tack, let the other craft pass, then haul up and get your head on the other tack; regain your own berth on the port tack, back and fill with your partner, hoist and haul, wear around twice against the sun in company with the opposite craft and your own; afterward hoist and haul her again and bring up.

LE FINE.
Shoot ahead about two fathoms till you nearly come astern of the other craft underweight, then make a sternboard to your berth, side out for a beam, first to starboard and then to port, make sail and pass the other craft; get your head round on the other tack, another side to starboard and port; make sail to regain your berth, wear round, back and fill, and hoist and haul your partner.

LA FOULE.
Heave ahead and pass your adversary, yardarm to yardarm, regain your berth on the other tack in the same order, take your station on the line with your partner, back and fill, fall on your heel, and bring up with your partner. She then maneuvers ahead, hoist and haul, shoot ahead again, and pay off alongside. You then make sail in company with her, till nearly astern with the other line, make a sternboard, and cast her off to shift for herself, regain your berth by the best means in your power, and let go your anchor.

LA TRINITE.
Wear round, as before, against the sun twice, hoist and haul the lady, range up alongside her and make sail in her company. When halfway across the other shore, drop astern with the tide, shoot and cast off the tow; now back and fill as before, and hoist and haul her and yourself into your berth and bring up.

LA PASTORALE.
Shoot ahead alongside your partner, make a sternboard, make all sail over the other coast, let go your hawser, and pay off into your berth and make a turn. The three crafts opposite range up abreast toward you twice and back astern again; now maneuver any rig you like, only under easy sail, as it is always light wind (replies as they call it) in this passage; as soon as you see their helms down haul round in company with them on the port tack, and make all sail with your partner into your own berth and bring up.

LA FINALE.
Wear round to starboard, sight the cat-heads of the craft on your starboard bow; then make sail into your berth, your partner passing astern your bows. Now proceed according to the second order of sailing; to complete the evolutions shoot ahead and back astern twice in company with the whole squadron, in circular order of sailing.

DID THE YOUNG MAN DANCE?

That is the Question That is Agitating the Pittsburgh Presbyterian Synod.

Pittsburgh, Pa., Sept. 15.—A candidate for ordination as a missionary of the Presbyterian church to the Chinese at Oakland, Cal., is in a peck of trouble. The Pittsburgh synod of the reformed Presbyterian church will assemble today for the purpose of ordaining David McAllister Jr., a son of a well-known pastor of that name and it has developed that there will, in all probability, be a decided protest, all because the young man attended a picnic where there was dancing, and it is said, indulged in a waltz himself. A year ago the same synod arraigned and convicted of heresy and pursuing devils a number of the young men and most prominent clergymen in the synod. These young men found a proposed amendment principles of conservatism, the rights of the ballot. It was the father of the young man, whose case is now before the synod, who persecuted the young clergymen, and his arguments were something denouncing the dissenters as heretics. The picnic which young McAllister is said to have attended was held on July 14th at Bakerstown by the junior order of United American Mechanics. It was a very large affair, and the young country folks danced throughout the whole day. Young gallants clasped their best girls about the waist as they went through the whirl of the waltz to the music of a string orchestra. Dr. W. K. McAllister, a prominent young physician of Bakerstown, who is very popular with the young folks, was invited to the picnic. His brother David, the handsome theological student was visiting him that day, and the two sons of Rev. Dr. McAllister with a number of other young people joined the merry party that was dancing in the barn. There is no difference of opinion as to whether young David actually danced, but it is said the Rev. Mr. Kirkpatrick, Bakerstown, will present the charges stating that David did dance. His brother refused to say whether he danced or not, and his father says he has not heard the charges but he also says, "I do not know whether or not my son is guilty of the accusation. If he is he should suffer the consequences. If he is proved guilty, why, then, I say let the synod act according to the law in the case. I believe in forcing discipline, and when the laws of the church are broken, then the violator, no matter who he may be, should make to suffer the penalty of his offense. I will advise my son, if he is guilty of the charge, to go into the synod, admit his guilt and accept the action of the presbytery in the case. It will not make any effort to shield him if he is guilty, as our church has laws that prohibit dancing." Young McAllister refuses to say whether he danced or not, but says he will be on hand, to answer all charges made against him.

RHEUMATISM NERVOUS DISEASES CAN BE CURED

ELECTRICITY, AS APPLIED BY THE OWEN ELECTRIC BELT AND APPLIANCES,

Is now recognized as the greatest boon offered to suffering humanity. It is fast taking the place of drugs in all nervous and rheumatic troubles, and will effect cures in seemingly hopeless cases where every other known means has failed. It is Nature's remedy, and by its steady, soothing current that is rapidly felt. POSITIVELY CURES Nervous Prostration, Rheumatism, Sciatica, Kidney Disease, Varicose, Lumbago, Lame Back and Dyspepsia.

RHEUMATISM

"For twenty years I have been a martyr to rheumatism, suffering at times the most excruciating pains, from which I could get no relief, for doctors' medicines, painkillers, etc., had no effect on me, and it was only when I got the Owen Electric Belt that I began to get well. I am thoroughly cured, and have been so for months. The belt's action was most marvellous, removing the pain in a few days."—H. SCHMIDT, 82 Vaneau street, Toronto.

NERVOUS DISEASES

Thousands of people suffer from a variety of nervous diseases such as Seminal Weakness, Impotence, Lost Manhood, etc., that the old modes of treatment fail to cure. There is a loss of nerve force, power that cannot be restored by any medical treatment, and any doctor who would try to accomplish this by any kind of drugs is practicing a dangerous form of charlatanry. Electricity as applied by the Owen Electric Belt and Suppository is the only known remedial agent that will supply what is lacking, namely, nerve force or power, impart tone and vigor to the organs, and arouse to healthy action the whole nervous system.

KIDNEY DISEASE

"Your belt has done wonders for me. It stopped the bleeding of my kidneys, which was so bad that the doctors failed to help me. I am satisfied it saved my life, and I am a wonder to everybody who knew how bad I was."—W. P. BARNES, Huron, Ont.

LUMBAGO AND LAME BACK

"On the advice of my doctor, after everything else failed, I got an Owen Electric Belt for a severe attack of lumbago and weak back. At that time I was so bad I could not stand up without assistance, so intense the pain. After wearing the belt for a short time the pains are all gone and I am as well as ever. I know it was the belt cured me, and I would not be without it for \$100."—W. J. LEWIS, conductor C.P.R., Owen Sound, Ont.

DYSPEPSIA

"For over four years I have been a sufferer from indigestion, catarrh and nervous prostration, and spent hundreds of dollars on doctors and drugs without any benefit. I purchased the Owen Electric Belt about four months ago, and have worn it since with the most beneficial results, for I am perfectly well and free from every trouble."—A. McDOUGALL, Macville, Ont.

WE CHALLENGE THE WORLD

To show an electric belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant that we would on a giant by simply reducing the current. Other belts have been in the market for five or ten years longer, but to-day there are more Owen Belts manufactured and sold than all other makes combined.

BEWARE OF IMITATIONS AND CHEAP BELTS

Our Trade Mark is the portrait of Dr. A. Owen embossed in gold upon every Belt and Appliance manufactured by the Owen Electric Belt and Appliance Co. None genuine without it.

The Moose Jaw Times.

FRIDAY, SEPTEMBER 23, 1892.

LOCAL AND GENERAL NEWS.

Harvesting operations are in full blast.

Mrs. Jefford returned from Pense on Tuesday.

Mr. Edward Evans of Buffalo Lake was in town yesterday.

Yesterday was the autumnal equinox the usual gales were absent.

Mr. John Hetherford returned from his eastern trip on Saturday.

Carberry, Man., is to have a newspaper to be called the Express.

The Souris coal will be placed on the Winnipeg market this week.

Attention is called to the advertisement of Smith and Brigham in another column.

W. A. Richards, of Bole, Wynne and Co. was in town yesterday.

Mr. Ricardo of Calgary, was in Moose Jaw yesterday on his return trip.

Mrs. Smith, of the C. P. R. Dining Hall left on Tuesday night on a visit to Portage la Prairie.

Mr. W. T. Barrett, of the Railway Mail Service left on Monday morning on a trip to the coast.

Messrs. W. B. Crosbie, A. Hitchcock and Wm. Grayson have been enjoying a holiday at Buffalo Lake this week.

Mr. J. H. Ross, M. L. A., went south on Monday to locate a bridge at Baine's crossing, and also to arrange for the repair of the bridges at Malloch's and Coventry's.

Mr. Macdonald, the genial representative of Messrs. Smith and Brigham, Moosomin, was in town yesterday on business connected with the firm.

The Calgary Herald says it is reported that Col. Macleod, C. M. O., has accepted the commission of the N. W. M. Police on the resignation of Mr. Herchmer, which it says has been accepted by the department.

Mr. W. J. Nelson, who has lately been practicing law at Moose Jaw in conjunction with Mr. Gordon, has commenced practice on his own account. He has secured temporary offices, on High Street, opposite the office of the Massey Harris Co.

The Kern Organ, the best in the world, genuine Black Walnut cases, beautiful in design and of exquisite workmanship, warranted for seven years. Sold only by W. D. Palmer, River St. east. Heintzman Pianos, Raymond Sewing Machines. Large supply of the best oils on hand.

Mr. John Cameron, representing the J. B. McLaren Publishing Company, was in Moose Jaw on Monday. The publications of this company are: "Printer and Publisher," "The Dry Goods Review," "Canadian Grocer," "Hardware" and "Books and Notions." Mr. Cameron was very successful in obtaining subscriptions.

The grading operations on Main St. have been at a standstill during the last few days. The clouds should have been pulverized by harrow and roller immediately after plowing. They have now been left in the sun to harden like mud, and yesterday's rain has not improved matters. It will be very difficult to make a good job of grading.

Moose Jaw merchants are preparing for an immense fall trade.

Bread 16 loaves for \$1.00 for cash only, at Moose Jaw Bakery. 15b.

The Carra Company has disbanded at Calgary.

Dr. Turnbull and C. E. Green, shot fifty geese on Tuesday and Wednesday.

His Honor Lieutenant Governor Royal and his son Henry Royal went down to Winnipeg last week to attend the funeral of the late Senator Girard, and returned to Regina on Thursday morning.

Mr. Fred English, station agent at Banff, and Miss Maud Ramsford of Winnipeg, daughter of a former manager of the Banff Sanatorium, were married in Calgary on the 14th instant.

The Royal Templars of Temperance will meet hereafter in Russell hall on every Tuesday except the last in each month; at 20 o'clock. Members are especially requested to attend.

The North-West Fire Insurance Co. risks against Lightning, Cyclone, Tornado, Wind Storm and Prairie Fires. Insurance on farm buildings, stock, grain in stacks or bulk. "Equitable Life" of New York and Toronto. J. F. HARRISON, Agent for Moose Jaw District, Moose Jaw, P. O.

People who are building nowadays would do well to make sure that they are not encroaching on lanes that run through each block. Already some houses have been built that may have to be removed if the council see fit to assert their authority.

The old C. P. R. dining hall at Winnipeg is filled with beautiful grain, several carloads arriving last week. A number of samples from Stoney Creek district, in the Territories, arrived Friday, the oats being magnificent. All last week the men were engaged on exhibits for the Montreal exposition; this week and for several weeks, they will arrange samples for the C.P.R. exhibition cars.

For some time past there has been some speculation as to the future movements of the Electric Light Company. It has been well known that the Company were running at a loss because of indifferent patronage.

A private company, composed of local citizens, who put in a complete and thoroughly first-class plant such as we have deserves the support of every man in the town who has the interest of the town at heart. The mere fact of having electric light has given the town a standing. Looked at from the narrow standpoint of dollars and cents, electric lighting may be a trifle dearer than coal-oil, but we consider it the duty of every citizen who has a grain of public spiritedness to support a public institution such as the Electric Light Company.

BOHARM JOTTINGS.

The binders are all laid away until another season. Wheat all cut, and no frost. Stacking is now the order of the day.

We see by a Regina paper that Manitoba and Regina will get cheap coal this fall, we wonder if the proprietors of the mines would not sell some coal to the people of Boharm as cheaply. We suppose Regina will get the coal by the Soo line.

A petition is in circulation to C. P. R. to have them build a platform for the loading of grain, we hope all interested will promptly sign.

We hope the C.P.R. will see the necessity of placing an operator at Boharm during the busy season, as many of the farmers wish to ship from the thrasher, and the uncertainty of cars would in a great measure be overcome by having an operator on the spot.

There is talk of another general store being built, and having the post office removed from its present site to a more central one.

Strangers say the Boharm Choir is the best in the Territories, outside of the cities, we have no opinion, (we sing.)

A. B. Carroll lost a valuable cow last week. It was killed on the railroad.

J. A. Hill has lost a fine steer, which fell in a well and was drowned.

L. Waller and W. R. Thompson, leading farmers from Oxford Co., Ont., paid Boharm a short visit last week.

Mrs. Brotherhood left Lynhurst Farm, for her home in St. Thomas on Tuesday evening's express.

Miss Mary Wynn has been visiting in Boharm for a few days.

Miss Annie Barber left for the east on Wednesday last.

Mr. R. C. Macdonald, Confectioner, has removed from his old stand to the one recently occupied by Mr. Thomas Healey.

Magistrates Court.

Seymour Green, Esq., J.P., Presiding. Saturday, September 17, 1892. MCWILLIAMS vs. MCNEILL.

This was a prosecution under Revised Ordinances, Chap. XXXVI, charging the defendant James McNeill with absconding himself without leave from the service of the prosecutor.

The defendant who had been arrested on a warrant, pleaded not guilty to the charge.

After the examination of witnesses for the prosecutor and defendant, the magistrate imposed a fine of \$5 and costs, and in default of payment fourteen days in jail.

W. J. Nelson appeared as Counsel for the prosecution.

JOHN BURNS vs. JUDSON BATTLE.

This is a prosecution brought by John Burns of section 22-18-25 against Judson Battle of the Town of Moose Jaw, railway employee, charging that he did on the 17th September, assault the said Burns by using his fists in a threatening and menacing manner in the face and head of the said Burns, and also with using grossly insulting and threatening language towards Burns. The case is in progress as we go to press and proves to be highly interesting.

The result of the trial will be announced next week.

W. J. Nelson appears for the prosecution.

Next week a novel case will be tried before the magistrate, some Sioux Squaws having been carrying on an intestine war.

Two squaws, "Crazy" and "Lazy Woman," it is alleged committed an assault and battery occasioning actual bodily harm on another squaw whose name we have not learned. Besides cruelly beating the squaw they threw a can of hot tea in her face.

As the offence is an indictable one, the magistrate can only investigate the matter to see if a prima facie case is made out. If so, the prisoners will be committed for trial before Judge Richardson on the 11th Oct. next.

Mr. Nelson has been retained for the prosecution.

W. J. NELSON, Barrister, Advocate, Conveyancer, High Street Moose Jaw, Opposite the Office of the Massey-Harris Co.

M. McDONALD, Teacher of Organ and Piano. Instruments for practice. Residence—River Street.

WANTED.

Situation wanted for one year by a boy of sixteen, used to general farm work. Situation with a married couple preferred. For particulars apply to Times office. 11b T. B. BAKER, Esq.

TO RENT.

A house at present in the occupation of John McNeil, Fairford Street, will be vacant on October 1st, for particulars apply to (14b) WILLIAM GRAYSON.

FOUND.

The bearer has found a sorrel mare, stands 15 1/2 hands, white face, white stockings on hind legs, was shot on front feet only, has halter on, branded 1 on right shoulder found in vicinity of Pinto Horse butte, near Woodmountain, by the undersigned a Sioux Indian, named "Thigh." 14

LOST.

About one month ago, a sorrel horse, half-hobbled, had halter on, was last seen in hills 20 miles south-east of Moose Jaw, has a square brand on right shoulder. Ten dollars reward will be paid for return of same. ROBT. JOHN GRAY, 15a. Moose Jaw.

LOST—On the Buffalo Lake trail, east of the town, a dark fawn-colored ladies' jacket, with brown trimmings. Finder will please leave the same at the Times office. 14

A 3 year old steer, pure white. A suitable reward will be paid to anyone furnishing such information as will lead to the recovery of the same. Apply at Times Office.

\$125 REWARD.

Lost about 125 sheep, on the way to Moose Jaw from Eyebrow Lake, on or about April 20th. When discovered, lost flock was about 30 miles north of Moose Jaw. The ab ve reward will be paid as rate of one dollar per head for return of sheep to my farm 10-19-26. DONALD McLEAN

World's Columbian Exposition. Arrangements have been made by the North West Government with Mr. Angus McKay, manager of the experimental farm, Indian Head, Assiniboia, who has been commissioned by the Dominion Government, to act in that behalf, by which all persons and societies in the Territories who are willing to aid in contributing to the North West exhibit at Chicago can do so by forwarding their exhibit to him at Indian Head.

After arrival at Indian Head, the exhibits will be re-arranged according to the requirements of the World's Fair Commissioners and forwarded to Chicago, where they will be taken charge of by the Canadian Commissioners. All exhibits will be insured by Government and returned after the exposition closes to the exhibitor free of cost. Freight on all exhibits will be paid by Government.

Intending exhibitors may obtain all necessary information connected with the forwarding, etc., of exhibits by corresponding with the Executive Committee, Government Office, Regina. Exhibits are solicited of Grains, Fodder, Grass, Dairy products, Minerals, Cattle, Horses, Pigs, Building Stone, Stuffed Birds, Animals, etc., Fish, Insects, Natural and Indian Curiosities, Photographs, etc., etc. Whatever in fact will illustrate the resources or history of the country.

Residents of the Country are earnestly requested to assist by every means in their power in making the North West exhibit a success by contributing, where they can, personally and in such other ways as may occur to them. With the exception of Dairy products, exhibits from now on should be forwarded as soon as possible and full information should accompany each article exhibited.

Address: THE EXECUTIVE COMMITTEE, Regina, Assa. By order, R. B. GORDON, Clerk, Executive Committee.
